From the President's Desk:

Warm greetings to all. Kudos and hearty congratulations to TEAM 2022-23 for a wonderful year gone by. You really worked wonders. After 11 beautiful years of being an Inner Wheel member and having made loads of memories, with pleasure and much excitement I am about to start my new journey in Inner Wheel as President. The real feather in my cap is it being the 100th year of Inner Wheel. In this Journey with my team, we will imagine all the possibilities in the change we all can make to "Shine a Light " upon as many lives in darkness. Friendship, bonding within members, and fellowship will be our top most priority to make the club one big family, where each member has the same sense of involvement and togetherness. Thank you,

Ramya Ashok

Inner Wheel Club of Mysore 2023-24

The year that was.....

Dear Friends, First, I heartily congratulate Dr. Deepa for becoming the Club Editor for this year. Secondly, I'm very grateful for the opportunity she has given me to share my experience as the Club President. I had the fortune of being the president of our club, the Inner Wheel Club of Mysore, which happens to be the oldest club in the district, in the third year of my membership at Inner Wheel. Stepping back, I forayed into the world of Inner Wheel after watching my mother-in-law, who is a PDC, actively participate in social activities, three years back.

I was hoping to form new friendships and give back to the society. I am also a third-generation member, with my husband's grandmother also being a charter member of this very club. Inner Wheel, I am told has since evolved and changed to adapt to the new times, people, and needs. After joining, I discovered that Inner Wheel was not just about friendships and fellowship, but also a very effective tool to learn and transform oneself in many ways - to organize events, contribute to charity, develop empathy, and appreciate the comforts we have in life that we take for granted. Being the president, took this experience to a whole new level.

I am very fortunate to have had a wonderful team to work with, who actively assisted and guided me through my tenure. Our club also has the highest PDC to member ratio and this also worked in my favor as I had the privilege of going to them for guidance. As a result, we did over a hundred projects in a variety of areas. Looking back, it gives me a sense of immense satisfaction at having carried this responsibility. Also, this experience has given me the confidence and enthusiasm to look forward to participating in more ways at Inner Wheel.

I am also very excited to be taking up the role of the CGR (Chairman Group Representative) for the clubs in the Mysore Zone, in this very significant, centennial year! I wholeheartedly wish incumbent president Ramya Ashok and her team the very best in their endeavors.
